捷扬讯科国际有限公司

MOGULTECH INTERNATIONAL LTD

Electronic industry chain | Internet information service trading platform

Basic Information

About Us

Business Sectors

Mogultech International LTD, affiliated with [Huaqiang Electronic Network Group](#), devotes itself to providing the best quality, the fastest delivery of the offline supply of electronic components and to being the top-class supplier in the industry.

Established in 2002, Mogultech International LTD is among the pioneers and the biggest distributors of electronic components in China.

It has developed its own trading system of big data and has realized automatic matching of materials.

Therefore, **it is the first distributor of electronic components which has been approved in the certification of national Hi-tech enterprise.**

With experienced salesmen and a group of engineers in the industry, the company is enabling to offer all-weather service for its customers. It specializes in serving for all the major electronics factories in the world and satisfying their Long Tail demands.
